

Peer learning conference “*Internationalization of higher education institutions – Translating Theory into Practice*”

Bonn, Germany, 17th & 18th of January 2018

Internationalization has become an emergent driver within the higher education sector and is a key strategic priority for many higher education institutions in the European Higher Education Area.

The peer learning conference “*Internationalization of higher education institutions – Translating Theory into Practice*” addresses this issue and aims at providing a forum for dialogue between German and European higher education representatives, including faculty members, international office staff, university management as well as internationalization experts in the field of higher education.

Structure

The event will cover a wide range of issues related to internationalization and its practical implementation in higher education institutions. The conference will include **topics** such as:

- Internationalization as a catalyst for networking and development
- Internal Quality Assurance
- Staff Mobility
- Bologna instruments as a means for strategic development of universities
- The Erasmus Charter for Higher Education
- Erasmus + Key Action 3

In addition to the presentations, there will be **workshops** on:

- Change Management
- ERASMUS+ proposals writing
- International Quality Assurance of Joint Programmes
- Writing & Assessing student learning outcomes

The DAAD will provide free accommodation for one night (17/01/-18/01/2018) for a limited number of participants, according to the “first come – first served” principle. In order to make the hotel reservation you will receive a password within the registration confirmation.

Please find more information and short descriptions of the presentations and workshops on our conference-website:
